March 19, 2020

Extension Granted for all Healthcare Workers

The Los Angeles City Fire Department, in support of the Mayor's directive and due to the COVID-19 threat, we are suspending all fire and life safety classes as well as quarterly fire drills. The Los Angeles City fire department will be granting a 180 day extension from March 1, 2020 to expired fire and life safety cards. The Fire Department will also be extending the 30 day requirement for all new hires that need a fire and life safety card to 180 days from March 1, 2020. This will allow Hospital and Skilled Nursing personnel to better serve the public during these unprecedented times. The Los Angeles City Fire department will update if an extension is needed past September 1, 2020.

Thank you for your understanding during these trying times. If you have any questions please contact the Schools, Churches and Institutions Unit at (213) 978-3664.

Melford Beard, Battalion Chief
Public Safety Section
